Volume Contents

Volume 21 Number 1

M. A. Amoudi	1	Three new species of *Isospora* (Apicomplexa, Eimeriidae), from the White-cheeked Bulbul (*Pycnonotus leucogenys*) in Saudi Arabia
C. Erséus	5	A generic revision of the Phallodrilinae (Oligochaeta, Tubificidae)
S. C. Choy	49	*Caridina bruneiana*, a new species of freshwater shrimp (Decapoda, Caridea, Atyidae) from Negara Brunei Darussalam, Borneo
A. Brandt	57	New Asellota from the Antarctic deep sea (Crustacea, Isopoda, Asellota), with descriptions of two new genera
C. Bussau	79	New deep-sea Tardigrada (Arthrotardigrada, Halechiniscidae) from a manganese nodule area of the eastern South Pacific

Volume 21 Number 2

U. Jondelius	93	New *Pterastericola* species (Platyhelminthes, Rhabdocoela) and a cladistic analysis of the Pterastericolidae
T. G. Karling	103	Identification of the Kalyptorhynchia (Plathelminthes) in Meixner's 'Turbellaria' 1938 with remarks on the morphology and distribution of the species in the North Sea and the Baltic Sea
A. D. Rogers, R. Gibson and J. P. Thorpe	119	A new species of *Callinera* (Nemertea, Anopla, Palaeonemertea) from the Isle of Man
H. Klöser and J. Plötz	129	Morphological distinction between adult *Contracaecum radiatum* and *Contracaecum osculatum* (Nematoda, Anisakidae) from the Weddell Seal (*Leptonychotes weddelli*)
J. Chalupský	133	Terrestrial Enchytraeidae (Oligochaeta) and Parergodrilidae (Polychaeta) from Sweden, with description of a new enchytraeid species
M. Abbiati and A. Castelli	151	*Platynereis nadiae* sp.n. (Polychaeta: Nereididae) from Italian coasts
K. Sakai	157	Axiid collections of the Zoological Museum, Copenhagen, with the description of one new genus and six new species (Axiidae, Thalassinidea, Crustacea)
H.-U. Dahms	181	Peltidiidae (Copepoda, Harpacticoida) from the Weddell Sea (Antarctica)
J. C. Garavello, S. F. dos Reis and R. E. Strauss	197	Geographic variation in *Leporinus friderici* (Bloch) (Pisces: Ostariophysi: Anostomidae) from the Paraná-Paraguay and Amazon River basins

S. F. dos Reis, L. M. Pessôa and B. Bordin — 201 — Cranial phenotypic evolution in *Proechimys iheringi* Thomas (Rodentia: Echimyidae)

D. Sigogneau-Russell, D. Dashzeveg and D. E. Russell — 205 — Further data on *Prokennalestes* (Mammalia, Eutheria *inc. sed.*) from the Early Cretaceous of Mongolia

Volume 21 Number 3

M. Sarà, G. Bavestrello and P. Mensi — 211 — Redescription of *Tethya norvegica* Bowerbank (Porifera, Demospongiae), with remarks on the genus *Tethya* in the North East Atlantic

N. A. Watson, K. Rohde and A. Lanfranchi — 217 — The ultrastructure of the protonephridial system of Götte's larva of *Stylochus mediterraneus* (Polycladida, Platyhelminthes)

U. Jondelius — 223 — Sperm morphology in the Pterastericolidae (Platyhelminthes, Rhabdocoela): phylogenetic implications

J.-L. Justine — 231 — Ultrastructure of spermiogenesis, spermatozoa and the tegument in *Atriaster* sp. (Platyhelminthes, Monogenea, Polyopisthocotylea, Microcotylidae)

P. Jensen and S. Nehring — 239 — Review of *Ptycholaimellus* Cobb (Nematoda, Chromadoridae), with descriptions of three species

R. Capaccioni-Azzati and D. Martín — 247 — *Pseudomastus deltaicus* gen. et sp.n. (Polychaeta: Capitellidae) from a shallow water bay in the North-Western Mediterranean Sea

A. B. Tzetlin and M. V. Saphonov — 251 — *Trochonerilla mobilis* gen. et sp.n., a meiofaunal nerillid (Annelida, Polychaeta) from a marine aquarium in Moscow

L. R. Noble — 255 — Differentiation of large arionid slugs (Mollusca, Pulmonata) using ligula morphology

W. T. Atyeo — 265 — The pterolichoid feather mites (Acarina, Astigmata) of the Megapodiidae (Aves, Galliformes)

I. D. Hodkinson — 307 — *Telmapsylla* gen.n., an unusual psyllid from black mangrove in Florida and Costa Rica (Insecta, Homoptera, Psylloidea)

C. Massin — 311 — Holothurians (Echinodermata) from Marion and Prince Edward Islands: new and little-known species

Volume 21 Number 4

N. A. Watson and K. Rohde	325	Ultrastructure of the pharynx of *Prorhynchus* (Platyhelminthes, Lecithoepitheliata)
M. Nebelsick	335	Ultrastructural investigations of three taxonomic characters in the trunk region of *Echinoderes capitatus* (Kinorhyncha, Cyclorhagida)
J. Núñez, M. C. Brito and O. Ocaña	347	A new species of *Lepidasthenia* (Polychaeta, Polynoidae) from Canary Islands
B. Åkesson and S. A. Rice	351	Two new *Dorvillea* species (Polychaeta, Dorvilleidae) with obligate asexual reproduction
G. W. Rouse	363	Ultrastructure of spermiogenesis and spermatozoa of four *Oriopsis* species (Sabellinae, Sabellidae, Polychaeta)
D. L. J. Quicke, S. N. Ingram, H. S. Baillie and P. V. Gaitens	381	Sperm structure and ultrastructure in the Hymenoptera (Insecta)
D. L. J. Quicke, J. Tunstead, J. V. Falco and P. M. Marsh	403	Venom gland and reservoir morphology in the Doryctinae and related braconid wasps (Insecta, Hymenoptera, Braconidae)
J. J. Morrone	417	Revision of *Trachodema* Blanchard with the description of an allied genus from central Chile (Insecta, Coleoptera, Curculionidae)
